STEIGMANN INSTITUTE PROGRAM

MODULE 1 : 19 – 21 February 2020

MODULE 2 & 3 : 11 – 13 October 2020

STEIGMANN
implant institute

Dr. Marius Steigmann D.D.S., Ph.D

Adj. Clinical Associate Professor University of Michigan Dpt. of Periodontics
Adj. Asst Professor of oral and maxillofacial surgery Boston University
Adj. Asst Professor University of Pennsylvania Dpt. of Endodontics
Honorary Professor of the “Carol Davila “university Bucharest, Invited Senior Guest
Visiting Professor university of Szeged faculty of dentistry
Visiting professor department of Implantology in Temeschburg

Philosophy

Over the years we realized that specific skills in handling tissues is the priority in implant therapy. Adjusting soft tissue handling to the specific anatomy and biotype of each patient. For this reason the courses at Steigmann Institute focus to teach this specific, valid techniques during surgery and prosthetics in a unique comprehensive way. Hands-on on human like tissue helps incorporate up-to-date scientific based surgical approach in daily practice. Finding out there is a need for a more structured approach in learning about the soft tissue, we offer the whole range of soft tissue management for every location in the oral cavity:

- 1. for bone augmentation
- 2. for the aesthetic zone
- 3. prosthetic soft tissue development
- 4. Soft Tissue Complications and Full Arch Restoration

The Course Objective

Participants will learn and train step-by-step the gain of soft tissue for tension free closure, even in cases of reduced soft tissue thickness. By examples of failure, you will learn how to avoid mistakes, and how to build treatment plans based on individual circumstances. You will also get to plan prosthetically and aesthetically the position of the implant on special designed models.

Under the theme « Learn all about Soft Tissue Management », Dr Marius Steigmann will discuss and address the very latest developments and challenges in soft tissue management which are opportune and relevant in daily practice. Recognizing the importance of the soft tissue management in dental implantology, the program will be focusing on the element for a successful implantation.

REGISTRATION FEES \$

- Option 1: Includes all main course lectures (Module 1) only
(Mon, Tues, February 19 – 20, 2020) = AUD\$3,500⁰⁰
- Option 2: Includes all main course lectures (Module 2 & 3) only
(Sun, Mod, October 11-12, 2020) = AUD\$3,500⁰⁰
- Option 3: Includes all main course lectures & Hands-on Workshop
(Module 1) only
(Mon, Tues, Wed, February 19 – 21, 2020) = AUD\$4,500⁰⁰
- Option 4: Includes all main course lectures & Hands-on Workshop
(Module 2 & 3) only
(Sun, Mon, Tues October 11-13, 2020) = AUD\$4,500⁰⁰
- Option 5: Includes all main course lectures & Hands-on Workshop
(Module 1,2 & 3)
(Feb 19-21 & Oct 11-13, 2020) = US\$8,500⁰⁰
