

STEIGMANN INSTITUTE - ADVANCED MASTER COURSE  
Module 1 – Soft Tissue Management for Bone Augmentation in Non-Aesthetic Zone  
Singapore – April 7, 8 & 9, 2023

## ***Dr. Marius Steigmann***

D.D.S., Ph.D

---

***Dr. Marius Steigmann graduated in Dental Medicine in Neumarkt in 1987. In 2005 Dr. Steigmann received his PhD Summa cum laude from University of Neumarkt.***

- Diplomate of the ICOI and a member of the board of the DGOI. He has also received the medal of "Semmelweis" Budapest University dental school dept. of oral and maxillofacial surgery. He is the founder and Scientific chairman of "Update Implantologie Heidelberg" 2002-2011 and the founder and director of the "Steigmann Institute".
- Adjunct Clinical Associate Professor University of Michigan Dpt. of Periodontics
- Adjunct Assistant of Oral and Maxillofacial Surgery Boston University
- Adjunct Assistant Professor University of Pennsylvania Dpt. of Endodontics
- Honorary Professor of the "Carol Davila" university Bucharest, Senior Guest
- Visiting Professor University of Szeged Faculty of Dentistry
- Visiting Professor Department of Implantology in Temeschburg
- Dr. Steigmann lectures and publishes extensively
- Member of several associations (such as DGOI, FIZ, BDIZ und ICOI)
- Diplomate of the ICOI and other European Societies
- Medallist of "Semmelweis" Budapest University dental school, dept. of oral and maxillofacial surgery.
- PhD from University of Neumarkt 2005.
- Founder and Scientific chairman of "Update Implantologie Heidelberg" 2002-2012.
- ICOI Vice President of Germany 2005-2011.
- Founder and director of the "Steigmann Institute".
- Dr. Steigmann maintains a private practice in Neckargemünd, Germany.

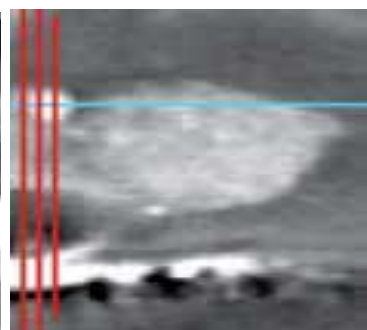

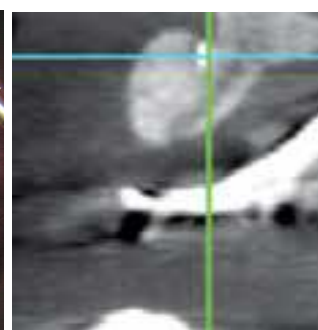

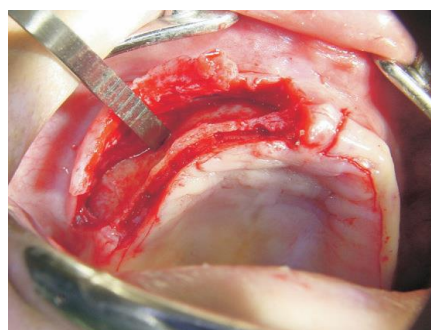

## MODULE 1— DAY 1

### SOFT TISSUE MANAGEMENT FOR BONE AUGEMENTATION

*Different tissue biotype react different to surgical trauma. For this reason, we have adjusted the surgical approach to the biotype (tissue thickness) specific to each patient and location in the oral cavity.*

- ❑ Soft tissue tension free closure – step by step
- ❑ Tension free flap adaptation – multiple options
- ❑ Suturing techniques with and against tension
- ❑ Adequate soft tissue manipulation for thin and thick biotype
- ❑ Improve soft tissue thickness
- ❑ Gain soft tissue elasticity
- ❑ Create keratinized gingiva

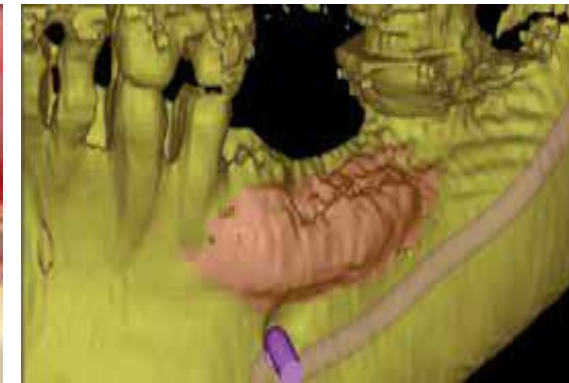

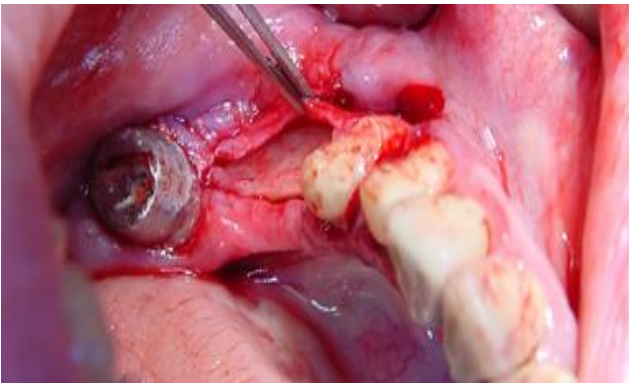

## MODULE 1— DAY 2

### SOFT TISSUE MANIPULATION FOR GUIDED BONE REGENERATION & IMPLANT PLACEMENT

*The tissue thickness dictates the way it is manipulated for high volume augmentation. Thick biotype can be managed in a classical manner. On the other side thin biotype needs new surgical approaches with specific instruments. The course will describe step by step the gain of soft tissue for tension free closure even in cases of reduced soft tissue thickness*

- ❑ Soft tissue management for sinus lift
- ❑ Bone augmentation in the maxilla-palatal sliding flap
- ❑ Bone augmentation in the mandible PPF, VBF or Steipod
  - ✓ PPF—>Periosteal Pocket Flap
  - ✓ VBF—>Versatile Buccal Flap

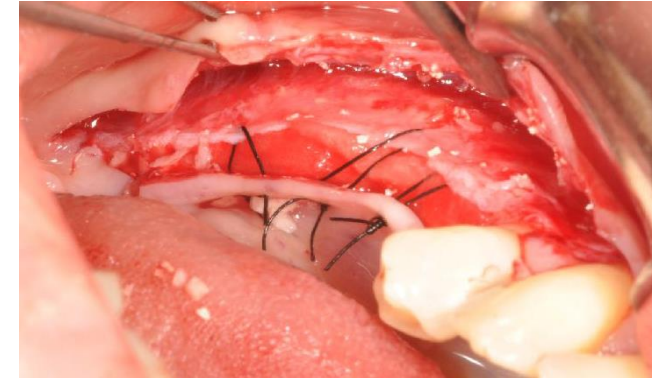

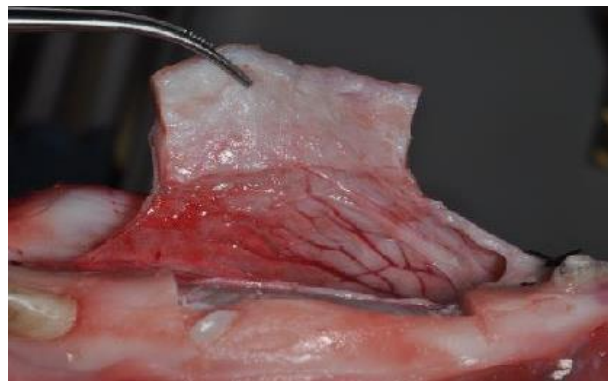

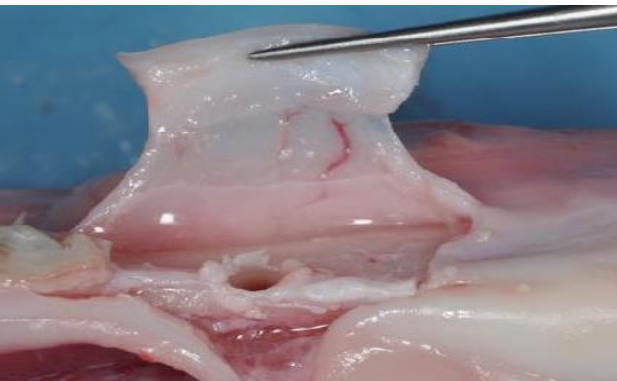

## MODULE 1— DAY 3

### Comprehensive Case Presentation & Hands-on Workshop

*The program will begin with a didactic portion follow by hands-on exercises on animal jaws, providing participants with an opportunity to expand their knowledge and refine their surgical skills.*

- ❑ SteiPod Surgical Instruments
- ❑ Perform various soft-tissue splitting procedures such as periosteal split, mucoperiosteal split, and many more split thickness flap techniques
- ❑ Understand the importance of tension free flap closure and flap adaptation; and perform various suturing techniques such as Periodontal square sutures, Single Interrupted Sutures KG & KG , Double Sling Suture, Tissue repair and Horizontal Mattress Suture ..etc
- ❑ Understand the steps associated with GBR & GTR
- ❑ Live surgeries video clips sharing & discussion

# Registration

## Lecture & Hands-on Workshop

### REGISTRATION FEES \$

**Option 1:** Includes all main course Lectures & Hands-on workshop  
(Fri, Sat & Sun, April 7,8 & 9, 2023) = EURO 3,000 €

**Option 2:** Includes all main course Lectures only  
(Fri & Sat, April 7 & 8, 2023) = EURO 2,000 €

### SPECIAL DISCOUNT

#### **SUPER EARLY BIRD DISCOUNT - Register BEFORE 28th Febraury 2023**

- ❑ Receive additional 5% discount to the regular fees for individual registration
- ❑ Receive additional 10% discount to the regular fees for group registration of 2 or more

#### **ALUMNI "DOCTOR-GET-DOCTOR PROGRAM" for referring 1 or more friends BEFORE 28th February 2023**

- ❑ Receive 50% Discount to regular fees for all Lecture series only
- ❑ Receive Free product voucher of SGD \$100 discount for both registrants

Each participant will receive a hand-out with most of the articles published by Dr. M Steigmann & Steigmann "THINK TWICE" Surgical Cap

Course Option	Regular Fees (€)	Super Early Bird Discount (5%)	Super Early Bird Discount (10%)
<b>Option 1</b>	❑ 3,000	❑ 2,850	❑ 2,700
<b>Option 2</b>	❑ 2,000	❑ 1,900	❑ 1,800

# PAYMENT

- Dentacare FOREIGN Account No: 359 3959- 930**
- SWIFT code: PBBEMYKLXXX**

## Testimonial

“Thank you to Dr Steigmann for sharing your insights and experience with us. Being your student in this 5 modules is the turning point in my dental career. I now have a better perspective of the implant-bone graft-soft tissue perspective. I am grateful for your dedication and commitment to impart knowledge to enlighten us and to making us better surgeons and clinicians.” - Dr Perlin Loke, Malaysia 2018

“I am grateful to my mentor, Dr Perlin for introducing me to Prof Dr Marius Steigmann’s incredible course that is unlike any other that I have ever come across. It has changed my perspectives on dental implant surgery and offered detailed insights into the evaluation and management of soft tissue tailored to each patients' specific needs. Prof Steigmann has also answered most of the questions that I have often asked for years about managing complexities and complications in daily practice. I highly recommend it to anyone of my esteemed colleagues who wish to elevate their understanding and clinical skills in implant dentistry from a solid evidence-based foundation”  
- Dr Joseph Tan, Malaysia 2022

“Marius, you have and continue to save us and more importantly many patients from dental death. Life changing and saving meeting you. Thank you” - Dr Max Patel, Australia 2018

“..a big Thank you to Prof Steigmann for such a structured, relevant and inspiring presentation on surgical concepts & techniques that our universities are either unwilling or unable to teach us. (Btw, I didn’t know what to do with my white cover books. Now I do !)” - Dr Paul Tomazos , Australia. 2022
