Architect of Surgical Innovation and Soft Tissue Mastery

Founder of the Steigmann Institute, Dr. Marius Steigmann is a global authority on implant and soft tissue surgery, admired for his original techniques and visionary protocols.

He holds academic appointments at leading universities including Michigan, Boston, and Penn, and has been honored with the prestigious Semmelweis Medal for his contributions to maxillofacial education.

A Diplomate and former Vice President of ICOI Germany, Dr. Steigmann inspires thousands of clinicians through his teaching—blending anatomical precision with practical surgical excellence.
